

NATIVE PLANTING LIST

Species	Common Name	Poor Soil Tolerance	Drought Tolerance	Spacing	Adult Height X Spread
<i>Arbutus unedo</i> + #	Strawberry tree	High	High	5'	20' X 20'
<i>Camellia japonica</i>	Camellia species	High	Low mod	5'	12' X 12'
<i>Citrus</i> spp.	Citrus	High	High	6' - 10'	15' X 15'
<i>Cocculus laurifolius</i>	Cocculus or laurel-leaved snail tree	Moderate	Low mod.	6'	15' X 15'
<i>Escallonia rubra</i> +	Escallonia or Red Escalonia	High	Moderate	4' - 6'	8' x 6'
<i>Feijoa sellowiana</i> +	Pineapple guava	High	High	6' - 10'	18' x 20'
<i>Laurus nobilis</i>	Bay Laurel or Grecian laurel	High	High	6' - 10'	20' x 20'
<i>Ligustrum lucidum</i> + # ©	Glossy privet	High	High	6' - 10'	18' x 20'
<i>Magnolia</i> spp.	Magnolia "St. Mary's"	Moderate	Moderate	10' x 20'	25' x 20'
<i>Myoporum laetum</i> + ©	Myoporum	High	High	6' - 10'	20' X 20'
<i>Myrica californica</i> +	Wax myrtle	High	High	4' - 6'	15' X 15'
<i>Nerium oleander</i> © +	Oleander	High	High	3' - 6'	12' X 12'
<i>Olea europaea</i> + #	Olive "Swan Hill"	High	High	6' - 10'	20' X 20'
<i>Osmanthus fragrans</i>	Sweet olive	High	High	5' - 6'	12' X 12'
<i>Pittosporum crassifolium</i> © ‡ Karo		High	High	5' - 8'	15' x 15'
<i>P. eugenoides</i>	Lemonwood	High	High	8' x 10'	25' x 25'
<i>P. undulatum</i>	Victorian box	High	High	5' x 10'	25' x 25'
<i>Podocarpus gracilior</i> +	Fern pine	High	High	4' - 8'	20' x 20'
<i>P. macrophyllus</i>	"Yew" tree	High	High	4' - 6'	20' x 6'

Prunus caroliniana	Cherry laurel	Moderate	Moderate	6' - 8'	15' x 15'
P. ilicifolia ©	Hollyleaf cherry	High	Moderate	5' - 10'	20' x 20'
P. laurocerasus + ©	English laurel	High	Moderate	6' - 10'	20' x 20'
Rhododendron sp. (Please note Rhododendrons have been known to carry Sudden Oak Death)	Azalea	Low Moderate	Low	4' - 6'	4' - 8' x 6' - 12'

+: Deer resistant

CAL FIRE SUGGESTED TREES, SHRUBS, GROUNDCOVERS

Common Name	Botanical Name
California Redbud	Cercis Occidentalis
Monkey Flower	Mimulus
Ceanothus	Concha
Sage	Salvia
Common Yarrow	Achillea Millefloium
French Lavendar	Lavandula Dentata
California Sycamore	Platanus Racemosa
Toyon	Hetereomeles arbutifolia
California Fushia	Epilolium Conum Californica
Royal Beard Tongue	Penstemon Spectabilis
Wild Strawberry	Fragoria Chilolensis

WARNING: All plants are fuel and flammable to varying degrees. The evidence for fire resistance of selected species is largely anecdotal. Many factors influence flammability and fire hazard. More plants mean more fuel and greater hazard. **UTILITY HAZARDS:** Private screen species should have a mature height of no greater than 25 feet if they are located under utility lines. Consult with your local utility company.
